## Science Scientist and Inventors

To research the lives of key computer scientists and the impact their work in computer science has had on the modern world.

To consider what skills the scientists needed to work on to be successful in their careers.

Katherine Johnson- NASA first astronaut into space to orbit around Earth. Later her work helped astronauts land on the moon,

Steve Jobs- Confounder of Apple and invented the iPhone

Tim Berners- Lee – computer scientist and invented the WWW.

## The Hunter and the Hunted

## DT Making Products Work Young Inventors

To design, make a prototype/model for and evaluate an 'invention'.

To explore modern day inventions.

To explore the best/most suitable materials for their inventions.

## Computing Creating Media – Web Pages

To review an existing website and consider its structure

To plan the features of a web page

To consider the ownership and use of images (copyright)

To recognise the need to preview pages

To outline the need for a navigation path

To recognise the implications of linking to content owned by other people
